

Hello and blessings!

Time gets away from us as we travel, pastor, hold crusades, teach in Bible schools, minister in churches, mentor pastors and help with other ministries. So sometimes we get behind sharing the wonderful things God is doing.

But today as we write and share, may you be able to experience, through our words, a part of what you are helping to do around the world! And may you capture the joy and excitement we experience as we take part in each one of these vital ministries.

First of all, thank you for all you do to help us run the good race set before us. Every prayer, every financial seed, every phone call, text or note you send is fuel that keeps us going. Your encouragement is precious and priceless. Next month we will be celebrating 37 years of missions and full-time ministry! We can't remember the exact date when you joined us, but in this crazy and marvelous faith adventure, we can say it has never been boring!

We were invited to participate in a three day Assemblies of God annual pastors' meeting in Campeche where we held our crusade last year. They wanted us to teach on the Holy Spirit and the baptism during the day and hold an outdoor meeting for their members who are affiliated with them each night. One morning Pastor Trey Hill, who accompanied Jerry, ministered to about 300 youth and 97% received the baptism of the Holy Spirit and began to speak in tongues. Amazing!!! We saw many miracles during the night services, as well.

More and more, we are seeing instant miracles happen wherever we minister, whether it be in our church, a crusade, a Bible school or another country! These include miracles of all kinds and creative miracles.

Some of the ones that bless us so much are miracles of people's hearts being healed. So many hurting people are being set free from hurt, anger, oppression, depression and lies of the enemy. There is nothing more rewarding than seeing faces totally transform as the love of God begins to heal those heart issues. Pain turns to joy, smiles appear and hope is expressed through tears of joy! We get to witness years of anguish in people's lives be removed in an instant by our Jesus! There is no greater joy! One man asked Jerry if he could "take him home with him" because he didn't want the joy to end! The man was an alcoholic with Multiple Sclerosis. He couldn't hold himself up or walk and was bound by years of alcoholism and pain in his body. He got healed instantly. All pain left! The joy on his face as the pain left was priceless!

Another elderly man in a Bible school session in Washington, DC was baptized with the Holy Spirit with the evidence of speaking in tongues. He had been waiting for twenty years to receive this promise from God and he began to speak in tongues instantly. The next day at the church service he received a physical healing. He had cataracts and couldn't see clearly but Jesus the healer showed up and touched his eyes!! He said, "You did it Jerry," when his vision cleared up but Jerry said, "No, Jesus is the healer!" We get to be obedient and pray for the sick and then witness the miracles!!

Do we get tired? Yes, we do! But not tired of what we do! We do take time out to physically recuperate and spend time in Gods presence and His word. Then we go back out once more and continue ministering the Word and healing.

In our Brownsville church, we are taking steps to begin a building expansion project, as we have been experiencing growth and need more space. This will be a major venture for us. We have been involved in church building projects before but not as the head of it. So pray for us as we step into a new role and take major faith steps. As soon as we have all the details, we will formally announce it and give you a chance to sow into what God is doing in Brownsville, Texas!

It is no coincidence that SpaceX started in the area four years ago when we started the church. Also, the biggest oil refinery to be built in the United States in 50 years will be located at the Port of Brownsville. They are projecting Brownsville will be the next big metropolis of Texas and we will be only 20 minutes from where it is all happening! God strategically placed us for such a time as this.

Our church in Mexico is growing and the miracles there are just as powerful. Our son-in-law, Dustin Olson, and daughter, Myriam, are doing a great job pastoring the church, raising leaders and making disciples. They are running with the vision and honoring what was placed in their hands by not straying from the vision but enhancing it. We are blessed!

We are working on our next crusade which will be in October of this year in the city of Palenque, Chiapas, a very tropical area close to the jungle. Details soon to come.

We celebrated Jerry's 65th birthday on May 23. God has been faithful and so good to Jerry, blessing him with favor and health, a 45-year marriage to Ernie, four daughters, eight grandchildren and Chip (his Shih Tzu). Help us celebrate and send him a happy birthday note.

If you would like to sow a seed you can scan this QR code to give or you can mail your seed to our address: P.O. Box 5037 Brownsville, Texas 78523

Once again, thank you and Dios te bendiga!

Jerry and Ernie Garcia
