

“In the world you will have tribulation; but be of good cheer, I have overcome the world.” John 16:33

As we entered 2025 we had no idea what we would be challenged with or that we would be witnessing a personal miracle.

The first week of January we found ourselves in Pachuca, Mexico where we have our church. Jerry had to go for a check-up and they discovered a tumor in his bladder the size of a lemon. He had to undergo more testing and all tests showed the necessity of an operation to remove the tumor before it grew in size. The doctors could not guarantee it was not cancerous and the concern was great. In the meantime we had our annual Winter Fire Conference the 15th-17th of January. We decided we would not postpone the meetings but trust God so we headed back to Texas and had the meetings. One pastor's wife had major trouble with her retinas because her eyes could not dilate. As our friend and guest speaker, Herbert Johnson, began to pray for her eyes, she was overjoyed as her eyes began to dilate!!! We had many more testimonies of healings.

After this event we flew back to Mexico for the operation. All the time we felt this was not the route God had for Jerry. We prayed and that week Jerry's test revealed elevated glucose levels. The internist would not give the okay for the operation. We knew God was working in this situation and we were about to witness our miracle. Satan wants to wear you down and make situations seem impossible, but when this happens, just begin to rejoice as we did. We called our friends in the ministry and they began to pray and declare the healing Word of God over Jerry.

That same week a horrible virus struck Jerry's body and weakened his immune system. Then as he was getting out of the car, a young man lost control of his vehicle and Jerry was within a few feet of being run over. All I could do was proclaim the blood and the name of Jesus as I watched in shock. If the devil can't kill you, he will try to wear you down. During this horrible and trying time, our vehicle broke down, our washer and dryer broke and myself and my grandkids got hit with the virus. It was like a tsunami!

In the middle of all this, our school of Evangelism, GOA (Gospel Outreach Academy) began. Jerry and I both taught and it was a powerful week with the students being so hungry for God. This is an eight week intensive course. We believe some mighty anointed evangelists will be emerging!

The doctors checked Jerry again but once more he was not cleared for the operation, so we knew God had something better for him. All this time we kept speaking to the mountain, declaring the tumor would shrink and shrivel up.

We decided to go back to Brownsville and attend some revival meetings close by with evangelist Ted Shuttlesworth Sr. What we didn't know was that we would get three miracles.

First, he called me out and began to tell me about the reflux and esophagus problems I had been dealing with. He also told me God had just placed a new gallbladder in my body. He said that was where the problem was, and I didn't even know it. I know I am healed because I have not had any more difficulties. Praise God!

We went back the second night of the revival meetings and the evangelist called Jerry out and began to tell him through the gifts of the Spirit what he had experienced one night a few months before. He told Jerry, you were sitting on the edge of your bed and felt a strange sensation on the side of your head and you stood up but became dizzy. It was just as this man said. He continued and declared all stroke or heart attack issues were taken care of and would never again be a problem. He also told Jerry that his immune system had been weakened but God was totally healing him. He yelled out, "Preacher, you will be stronger than ever before and, preacher, the anointing in your life will be greater than ever before." Then Jerry fell out under the power of God.

Next he spoke over our daughter and told her exactly what the doctor had found in her uterus causing her to not be able to get pregnant. He prophesied it was fixed and babies were coming soon! That was the third miracle.

Even though we knew Jerry's miracle had happened, we went back to have it confirmed by the doctors as a testimony to our families, churches and the doctors themselves. The same morning we arrived back in Pachuca, Jerry went for an ultrasound. The doctor did two ultrasounds and was overjoyed as he gave evidence that the tumor had shrunk down to almost nothing and it was not cancerous nor was an operation

necessary! We went to the second doctor who was to approve the operation and told him of the miracle and he was speechless. We got to testify to him and we know we will be having more to do with that doctor but as a child of God.

The nutritionist, who is also a believer, confirmed the miracle as she examined the levels of visceral fat in Jerry's body. He lost 10 pounds of visceral fat in two weeks. This is the fat around your organs and heart and can lead to disease. She said she had never in her professional life heard of anyone losing 10 pounds of this fat in two weeks. We shared with her the miracle that had happened and she confirmed this miracle as well.

So, we are back in Texas and Jerry is off and running with greater strength and anointing. God is so good and faithful. We pray this testimony has encouraged you and helped you to believe for your miracle.

Do you know that when you are going through a trial you are going through it in victory and not defeat? The devil would love to get you to agree with his sentencing of disease and death but the Word is true and you truly are healed by the stripes of Jesus (Isaiah 53:4-5). You are not going to be healed, you are healed and your body must align itself with the Word! So you can go through the trials rejoicing even if you don't feel like it. No one is free from trials. We do have the victory even though the trial may seem bigger than life and scarier than what we may have ever experienced. Jesus is with us in the storm! Speak to the storm and it must obey!

If you need a miracle in your body, please contact us and we will pray for you.

Thank you for your continued prayers and financial support. We pray for you and consider you a vital part of this ministry.
